Description

Edit

When a player wins, it is displayed as a loss. (i.e. Wins: 0, Losses: 1)

Steps to reproduce the bug

1. Choose a duo that has the best chance of winning

2. Win against the computer duo

Expected Result

- The win should be recorded in the wins section

Actual Result

- The win is recorded in the losses section

Environment:

System: MacOS Monterey 12.3

Browser: Chrome Version 103

Description Edit

This test will verify if adding bots to your duo works

Steps:

- 1.Navigate to game
- 2.Choose a bot
- 3.Choose a second bot
- 4.Check if the bots are listed in "your duo" section

Test post-conditions

- Bots should disappear from the "choose 2" section once they have been chosen
- Bots that haven't been chosen should still show up in the "choose 2" section
- Users should max only be able to choose two bots
- Only bots that are chosen should show up in "your duo" section

Environment:

- system: MacOS
- browser: chrome 103
